COMMERCIAL CLUB HOLDS A MEETING

The Club Takes a Fresh Start and Promises That Its Future Life Shall be Full of Good Works.

A special meeting of the Mesa Commercial club was held at the new quarters of the organization Tuesday night. The attendance was not so large as could have been desired, but those present were enthusiastic, and resolved that there should be no more breaks in the plans of the association. The club is composed of business men and property owners of Mesa and vicinity and has the material to be of great aid in the development of this section. For several months the club has had no home owing to the delay in building operations. During that time no meetings of importance were held. Now, however, that the organization has well furnished quarters, there is nothing to stand in the way of building up a live organization.

It was decided to cancel unpaid dues of the past six months and start in with May dues. A secretary is to be employed on salary, to attend to the correspondence, remain at the rooms and entertain and give information to strangers; also to see that the dues are promptly paid and the money applied under direction of the board of directors where it will do the most good.

Frequent meetings will be held from now on, and one of the first things to be accomplished is getting out a lot of exclusively Mesa section literature for the information of the numerous people who are writing to the club for advice as to the lands, products, and business opportunities in this part of Arizona.

"TELL IT TO THE WORLD"

Says Texas Lady, in a Letter She Writes, Regarding Her Past Troubles.

Wills Point, Texas.—In a letter from this place, Mrs. Victoria Stallings says: "Words are too feeble to express my gratitude for what Cardui, the woman's tonic, has done for me."

I believe I would have been dead had I not gotten relief from Cardui, as I did. I did not recover from my confinement as I should, so my mother advised me to take Cardui, and after taking half a bottle I was soon all right.

Before taking Cardui I had a dreadful cough and awful pains, but now I am strong and in better health than I ever was in my life. I cannot say half enough in regard to its merits. You can tell the world what Cardui did for me. I advise all suffering ladies to try it."

Cardui has proven itself to be the ideal tonic for women. It is composed wholly of perfectly harmless, vegetable ingredients, which act specifically on the weakened womanly organs, helping to strengthen the muscles and nerves, and to build them up to health.

Cardui has been in successful use for more than half a century. Give Cardui a trial. It will help you.
